Activities, Achievements, Documentary Evidence & Future Roadmap (2026)

"From Ideas to Innovation, Innovation to Prototypes and Prototypes to Impact."

Reporting Period: April – October 2026 | Future Roadmap: Nov–Dec 2026 & Vision 2027

Presented by: Dr. Kalpesh Sunil Kamble

Head – Incubation & Innovation Cell | Associate Professor, Department of Mechanical Engineering

Ashokrao Mane Group of Institutions (AMGOI), Vathar, Maharashtra

AMGOI INCUBATION & INNOVATION CELL

Vision, Mission & Core Institutional Mandate

Core Strategic Pillars

1. Culture Building
Sensitizing B.Tech/M.Tech students across all departments to think beyond academics toward real-world problem-solving.

2. Hackathon Facilitation
Providing end-to-end support for national & international drives (SIH, MSME, KPIT, IBM, IIT Bombay).

3. Pre-Incubation & Labs
Transforming student concepts into tangible Hardware/Software TRL prototypes with dedicated lab guidance.

4. Industry & Clinical Mentorship
Connecting student teams directly with regional hospital labs (Drishti Eye Clinic) and industry partners.

5. IPR & Startup Ecosystem
Facilitating patent disclosures, design registrations and pathways to business incubation.

Key Functions & Objectives

AMGOI is officially recognized as an MSME Host Institute (HI) under the MSME Innovative Scheme.

- Drive institutional participation in SIH, MSME 6.0 and Govt initiatives.
- Provide lab access and expert technical guidance for prototype building.
- Conduct specialized entrepreneurship, startup and IPR sessions.
- Identify external funding schemes (PUSA-Krishi, BioMed Bharat, IIT Bombay).
- Recognize and support high-impact student projects (VaaniBraille, VIBRAGEN™).
- Build strong regional incubator partnerships (KIT Kolhapur, SUK, RIT).

AMGOI INCUBATION & INNOVATION CELL

The Incubation & Innovation Funnel Workflow

1. **Awareness** — Classroom visits, circulars, FDPs & orientation drives
2. **Ideation** — Problem identification & SIH / MSME proposal formulation
3. **Validation** — Internal screening & expert evaluation panels
4. **Mentoring** — Technical, clinical & business advisory (Drishti, KIT)
5. **Prototype** — Hardware/Software TRL building in institute labs
6. **IPR & Startup** — Patent filing, MSME scheme registration & seed incubation

Sir/Madam,

The proposal submitted by your institute for recognition as Host Institute (HI) for implementation of the Incubation Component under MSME Innovative Scheme has been in-principally approved in the 11th meeting of PMAC held on 16/10/2026 at New Delhi under the Chairmanship of AS & DC (MSME).

In view of the above, your institute will become eligible to submit new innovative ideas in the forthcoming Hackathons under the MSME Innovative (Incubation Component) scheme as per Scheme guidelines. This is subject to the HI's registration in PFMS and opening of Zero Balance Sub-Agency Current Account with State Bank of India (Product code Account Product Code: 5111-2171; Account Product Description: CANCHQ CSS CNA A/C-INR).

Yours faithfull

Actual Incubation & Pre-Incubation Projects

VaaniBraille | Domain: Assistive Technology | Stage: Functional Prototype Stage
Tactile braille converting device for visually impaired users. Received dedicated lab workspace and mentoring.

VIBRAGEN™ | Domain: Renewable Energy & Power | Stage: Advanced Prototype Stage
Piezoelectric & kinetic energy harvesting mechanism. Supported under campus incubation pre-seed drive.

Oloid Mixing Mechanism | Domain: Mechanical & Chemical Engg | Stage: Technical Design & Development
Energy-efficient fluid mixing based on oloid geometry. Technical mentoring by Mech faculty.

Precision Drafter | Domain: Manufacturing & Tools | Stage: Development & Testing
High-accuracy drafting assistance tool for engineering drawing. Business model & prototype guidance.

Cactus Bio-Leather | Domain: Sustainable Materials | Stage: R&D & Proposal Phase
Eco-friendly alternative leather derived from cactus plant matrix. Target grant proposal development.

November–December 2026 Action Plan & Calendar

Nov-Dec 2026 Execution Plan

Week 1: Sensitization
Conduct innovation & incubation awareness in FE & SE engineering classes.

Week 2: Ideation Drive
Internal problem-identification workshop for upcoming winter hackathons.

Week 3: Expert Guidance
Invite external startup mentors for proposal reviews.

Week 4: IPR Awareness
Specialized session on Patent Filing & Design Registration procedures.

Jan-Feb 2027 Execution Plan

Week 1: Prototype Labs
Lab testing & assembly for VaaniBraille & VIBRAGEN™ teams.

Week 2: IPR Filings
Assist faculty and student teams in drafting patent disclosures.

Week 3: Startup Fundamentals
Session on business modeling, canvas creation & pitching.

Week 4: Annual Showcase
Institutional Prototype & Innovation Exhibition for management review.

External events, competitions and hackathons to consider (November 2026 – April 2027)

Vision 2027 Strategic Goals & Incubation Funnel

100 IDEAS
Generated through campus-wide awareness & hackathons

30 VALIDATED CONCEPTS
Screened by expert committee & industry mentors

15 FUNCTIONAL PROTOTYPES
Supported in institute labs with seed micro-grants

05 INCUBATED PROJECTS
Receiving dedicated pre-incubation workspace & guidance

02 REGISTERED STARTUPS
Campus-launched student enterprises commercialized

AMGOI INCUBATION & INNOVATION CELL

Institutional Support Requirements (Management Review)

1. Dedicated Incubation Workspace

Allocation of dedicated, furnished incubation room with high-speed internet, workstations & meeting space for student incubatees.

2. Student Prototype Seed Fund

Establishment of a dedicated micro-grant fund (₹25,000–₹50,000 per project) for high-potential hardware & software prototype development.

3. Empaneled IPR & Patent Legal Support

Retaining an empaneled Patent Attorney / IPR consultant for prior art search, drafting and Indian Patent Office filing assistance.

4. Fabrication & Software Tools

Access to 3D printing, advanced machining, IoT testing kits and cloud development credits for student prototype teams.

Dear Student ,

We are pleased to inform you that you have been selected for the **NASSCOM Certified Summer Internship & Job Bridge Drive 2026**. Please complete the application process at your earliest convenience to secure a Scholarship Slot in phase-2!

This initiative is supported by organizations collaborating with **NASSCOM, NSDC, Startup India, Skill India, and leading MNCs**, and aims to onboard College Students for campus placements training, projects, internships, and career pathways. Enhance your skills in over 30 technical and non-technical areas with our Learning Educational Tablet.

Application Link: Registration Form

Application deadline: 30th September, 2026 (08:00 PM IST)

You may submit Certifications/Internship Reports to your departments for Academic Credit Points.

Program Highlights:
Training (with Educational Tablets): BLU AI provides evening sessions with 38+ live mentorship opportunities led by industry experts from MAANG, covering a broad curriculum from beginner to advanced levels. The program focuses on Generative AI, low-code development, and includes 6-month access to recorded sessions.

Internship (with MNCs): You will be placed directly with one of our partner MNCs, where SMART LABS AI offers an internship featuring over 10 individual minor projects and a guided team-based capstone major project, with full support and resources.

30 Sept 2026 – NASSCOM Certified Summer Internship Program / Job Drive 2026
05 students from B.Tech. AI & DS were selected.
